April Executive Meeting Minutes – Tuesday April 11, 2006

- ◆ **From:** Kelly, Mike A
Sent: Wednesday, April 12, 2006 4:29 PM
To: Garrett, Brett A
Subject: April EXCOM meeting minutes

- ◆ 1) The best bet for an April tour is Lockheed Martin Missiles and Space division – Thursday, April 27th at noon.
- ◆ 2) The May tour will be Romeo Eng. – which makes CNC waterjet and Plasma cutters.
- ◆ 3) June is going to be a technical presentation on CNC programming software. Brett will confirm.
- ◆ 4) The Lockheed Martin Fort Worth tour was a success – well over 50 people attended.
- ◆ 5) Future tours will be more in the Dallas area – to keep ex-chapter 195 people interested.
- ◆ 6) There's two dark months for the club – July, August – Excom for August (no July meeting) is an early August meeting at the Arlington Yacht club.
- ◆ 7) Financial report: 3,375.05 in the bank – club is currently not spending any excess cash right now.
- ◆ 8) 10 dollar a month potential ad for the club on our current web page – mainly a link and a .jpg.
- ◆ 9) The club is still on track to purchase the Christmas dinner.
- ◆ 10) New Secretary voted in – Mike Kelly
- ◆ 11) Mike Kelly is also the new Student Chapter advisor as well.
- ◆ 12) Tie-in meetings with other engineering groups like SAE seen as very positive and educational.
- ◆ Thanks!

- ◆ Mike Kelly

Chapter 195 Merger Information

- ◆ Good morning all.
Congratulations to all who have worked hard, and willingly, to effect this merger, and consolidation of Chapters 051 & 195.
Through cooperation of all personnel, the impact in the Dallas area, should be almost immediate, and in measurable figures.
- ◆ To the leadership of **051**, the ball is in your court, make the most of it, and wisely use your new resources, to expand the presence of the SME community in the Dallas Metro area.

Have a good day.....Russ

April Tour Report – Thursday April 27, 2006

Tour of Lockheed Missiles and Fire Control – Grand Prairie (2600 Employees)

- ◆ Networking and Welcome by host Jack Kunisch, Lean/Six Sigma Coordinator at Lockheed Martin Missiles & Fire Control, . Round the room with introductions and backgrounds of each guest.
- ◆ Had about 20 people from Chapter 051 and former Chapter 195 attend.
- ◆ Received overview of missile and rockets manufactured at the facility during a brief tour of the hallway on the way to the harness shop.
- ◆ Viewed two types of launch vehicles equipped with modular canisters that contained different types of missiles.
- ◆ Got an in-depth demonstration of wiring harness lay-up, fabrication and testing.
- ◆ Emphasis on Lean Manufacturing in quest for improving productivity, quality, improving cycle time, reducing cost and becoming more competitive to secure future contracts.
- ◆ Cool cell-phone caddy gift with Lockheed logo was given as a gift to all guests at the conclusion of the tour.
