Paul Oehler - SME Chapter 051 Chairman at factorybuilder@yahoo.com or call 817-656-0048

Description:

This month we will learn what it takes to achieve production on a massive scale. Ball Corporation is a part of the Ball Metal Beverage Can division. Their headquarters are in Broomfield, Colorado. They have 20 manufacturing centers in North America. Collectively all of Ball's plants produce an astounding 32 BILLION cans per year! The Fort Worth Operation has 2 production lines operating 24 hours a day, seven days a week. They produce 12 oz. aluminum beverage cans for Miller Brewing, Coca-Cola and Pepsi.

This tour can accommodate a maximum of 30 participants. NO PHOTOGRAPHY ALLOWED PLEASE.
