PLANT TOUR OF COASTAL EXTREME BREWERY

Location:	Date:	Schedule:
Coastal Extreme Brewery Middletown Tradesman Ctr. 307 Oliphant Ln. Middletown, RI 02842	Tuesday, May 20, 2008	4:00 p.m. – Plant Tour 6:30 p.m. – Dinner

Join the New England District of the Precision Metalforming Association for an enjoyable tour of Coastal Extreme Brewery located in Middletown, RI.

Coastal Extreme Brewery has the only true distributing microbrewery in the state of Rhode Island. They currently operate a 10-barrel brewhouse and six 20-barrel fermentors in an industrial park in Middletown.

The Coastal Extreme Brewing Company was started in 1999 by four graduates of Colby College. During his college days the head brewer, Derek Luke, reacquired a home brewing kit he had given his sister and quickly went to work brewing and passing his knowledge along to the company's president, Brent Ryan. As graduation grew near and the cold reality of post-collegiate life set in, Luke and Ryan knew that they could turn their affinity for beer and their newfound ability to make it into a viable alternative to unemployment or sitting at a desk answering to "The Man." Of course, they couldn't do it by themselves, so after very little convincing, they got roommate and friends, Mark Sinclair and Will Rafferty, to join them.

On Father's Day in 1999, after almost two years of planning and preparation, the first batch of Hurricane Amber Ale was brewed. By July 2, the first kegs had been shipped to three Newport Restaurants and were quickly tapped and emptied. A little over a month after the release of the first kegs, 6-packs of Hurricane Amber Ale began to hit the shelves. Since then, the company has expanded their product line and their distribution territory but continue to brew up a storm in the Middletown Brewery.

Register today, as space is limited! Attendees will have a chance to meet host and president, Brent Ryan, sample the brew and receive a Newport Storm shot glass. For more information on Coastal Extreme Brewery, please visit www.newportstorm.com. Must be 21 years of age to attend.

Next Event: Annual Golf Outing - 06/09/08

Register today! The form is located on the reverse side of this page.

Plant Tour of Coastal Extreme Brewery

Registration Form

Cost: \$40 per member; \$50 per nonmember

Dear Rick,

Here is our reservation for the district meeting to be held on **Tuesday, May 20, 2008**.
