

GTCO CalComp
PERIPHERALS

Digitizing & Measurement Solutions
Over 30 Years of Excellence

Society of Manufacturing Engineers Phoenix Chapter 67 in association with SME International Presents the:

“GTCO CalComp & eInstruction Tour”

Celebrating its 30th anniversary in 2005, GTCO CalComp is a world leader in computer input peripherals having pioneered the use of pen-based electromagnetic sensing technology currently utilized in our interactive whiteboard and digitizer product lines. Our digitizing and measurement products are used for a wide range of design, engineering, construction, graphics and GIS/mapping applications.

Today, eInstruction offers educators a family of software, student response systems, interactive boards, wireless slates and panels, that integrate with high-quality content, aligned to state standards. These solutions have been proven to increase student engagement while providing real-time feedback to educators to assess comprehension and customize lessons.

Directions:

GTCO CalComp is located in Scottsdale on 82nd Street between Hayden and the 101 freeway, just south of Raintree. 14557 is in the Northeast corner of the complex. From the 101 take Raintree west to Northsight, turn left, go to Evans, turn right, Watch for sign on right pointing to 14557.
