Dear Members and Friends of SME Chapter 079:

The world is changing ever faster, and manufacturing technology must keep pace to remain competitive. As a state we need to look for new technology and new products to keep this industry strong. Chapter 79 goal is to find the new technology and share it with you. Life is a never ending learning experience no matter your age. Come share these experiences with your friends and SME Chapter 79.

I would like to welcome all the new members and all the transferring members for Chapter 109. Everyone here at chapter 79 welcomes you and we can wait to meet all of you at a upcoming event..

Hope to see everyone at the up coming Technical events. We will continue to have interesting and thought provoking events throughout the remainder of the year. Invite a friend to join you on one of the tours and make sure to check the website for any changes.

Sincerely,

Matthew Maj
Chairman, SME Chapter 079
