

Ann Arbor Area – Chapter #079

March 2, 2009

***Executive Committee
Meeting***

Saline Lectronics, Inc.
710 N Maple Rd
Saline, MI 48176

Tuesday, March 3

6:00 - 8:30 PM

Dear Members and Friends of SME Chapter 079:

I want to thank everyone who attended the February Technical meeting at Recellular; it turned out to be a great tour. As you walk through the facility and see all of the large pallet boxes full to the top with cell phone. I was just blown away to see all of the phones and the mind blown thing was most of the phones still worked. About 600,000 cell phone go through Recellular a month, WOW

As Engineers, we enjoy the out of the norm industries like Recellular. If you have an interesting technology or industry worth touring let us know. If you would like to send your idea to smechapter79@gmail.com, we will setup the tour.

Hope to see everyone at the up coming Technical events. We will continue to have interesting and thought provoking events throughout the remainder of the year. Invite a friend to join you on one of the tours and make sure to check the website for any changes.

Come share these experiences with your friends and SME Chapter 79.

Sincerely,

Matthew Maj
Chairman, SME Chapter 079
