Tuesday, April 7

6:00 - 8:30 PM

Dear Members and Friends of SME Chapter 079:

I want to thank everyone who attended the March Technical meeting at PDI; it turned out to be a great tour. It was outstanding to learn the history of this company and their impressive product they ship all around the world.

Everyday we hear more bad news about layoffs, plant closures and now the possibility of GM and Chrysler will have to file for bankruptcy. This is a perfect time to bring manufacturing back to our country to keep the United States Strong.

I would like to send out a warm welcome to Chapter 79 new members. Thank you to Dr. Douglas Baker, Christopher Salow Sr. and Josh Dingus for join joining this wonderful organization. SME has a lot of benefits to offer you and I hope you have a chance to use them all.

Hope to see everyone at the up coming Technical events. We will continue to have interesting and thought provoking events throughout the remainder of the year. Invite a friend to join you on one of the tours and make sure to check the website for any changes.

Come share these experiences with your friends and SME Chapter 79.

Sincerely,

Matthew Maj
Chairman, SME Chapter 079
