Dear Members and Friends of SME Chapter 079:

It has happened, Chrysler has filed bankruptcy and the days are running out for GM. With these changes accruing every day, it has affected each one of us somehow. This is a perfect time for all of us in the manufacturing industry to come together and grow together to overcome these obstacles. SME offers many resources to help and you can find this information at www.SME.org.

I would like to send out a warm welcome to Chapter 079 new members. Thank you to Chris Vandebroek, Sean Macgregor, and David Mcdowell for joining this wonderful organization. SME has a lot of great things to offer you and I hope you have a chance to make use them all.

I look forward to seeing everyone at our upcoming technical events. We will continue to have interesting and thought provoking events throughout the year. Invite a friend to join you on one of the tours and make sure to check the website for any changes.

Come share these experiences with your friends and SME Chapter 079.

Sincerely,

Matthew Maj
Chairman, SME Chapter 079
