Program Chairman

Don Dickinson
J.D. Dickinson Compressor Co.
Work: (417) 865-8555

To:

The Springfield chapter of the Society of Manufacturing Engineers is sponsoring a meeting concerning the state of manufacturing in Southwest Missouri on Tuesday, February 15, 2005. The meeting format will be an open panel discussion of the current economic and political challenges facing our states manufacturing base. The panelist will be asked to give a 5 minute presentation on their role in manufacturing, business or organizational support related to challenges to manufacturing business today. They will then field questions from the audience in a "Town Hall" style meeting. There will be a dinner served at 6:30 pm for those wishing to participate, with the meeting starting at 7:30. There will be a \$25 charge for dinner to our guest. The dinner for the participating panelist will be provided by The Springfield SME chapter. The meeting location will be at the Holiday Inn University Plaza in the Colorado room.

I would like to invite one of your officers or members to be a guest panelist as someone who is providing manufacturing business a valuable service through your service. Please let me know if someone from your office will be able to participate, attend or have any questions.

Thank You,

Larry Greer
