Plant Tour of

SLS International, Inc.

SLS International is a 30 year old manufacturing and developer of new proprietary patent-pending ultra-high fidelity Ribbon Driver loudspeakers, patented Evenstar Digital Amplifiers and sound systems for the commercial, home entertainment, professional and music markets. SLS speakers and systems are used in high-profile venues such as: NBC/MSNBC's 2002 & 2004 Olympic studios, the Recording Academy's Grammy Producers SoundTable events, & for the NAMM winter show, providing sound in the SVID Technology booth, just to name a few.
