Tuesday, April 17, 2007

Plant Tour of Polyfab Plastics & Supply, Inc.

Polyfab opened their doors in the early 1970's by the company's current general manager, Mr. Lowell Miller. Over the years they have seen a tremendous amount of growth they began using automated equipment and moved into their current headquarters of 60,000 sq. feet and 2.5 acres.

Polyfab creates products for a vast number of needs in a variety of industries including: playground, marine, electronic, aircraft and tank industries. These products are not only distributed in the United States, but also in many other countries, such as China & France to name a few.
