# **Society of Manufacturing Engineers**

## **Springfield Chapter 321**

**Tuesday, May 15<sup>th</sup>, 2007**

# **Cutting Tool Technologies, Powder Metals & Coatings**

Presented by Dave Rawson from Simon Ellis Superabrasives & Dale Savington from AbrasivesMart. Simon Ellis is a fabricator & rebuilder of CBN & PCD cutting tools. They sell a wide variety of standard turning inserts, as well as specialty tools for especially troublesome applications, such as: profiling and large OD tools for turning rolls & pipe & dies in hardened tool steels & sintered carbide. AbrasivesMart offers engineering technical support, process engineering software, and training for machine operators and engineering staff. Mr. Rawson & Mr. Savington will be talking about CBN, Diamonds & advanced cutting tool materials.
