For improved delivery efficiency, please provide your e-mail address to smenlc@yahoo.ca.

Alley Kat Brewing Company Tour

www.alleykatbeer.com

The Alley Kat Brewing Company is locally owned and operated by Niel and Lavonne Herbst, both of Edmonton. The brewery produces world class micro-brewed beers produced to exacting standards. Alley Kat has become well known for its six flagship beers Aprikat, Charlie Flint's Original Lager, Fool Moon pale ale, Alley Kat Amber and Olde Deuteronomy barley wine. In addition to this regular line-up, Alley Kat also produces several seasonal beers.

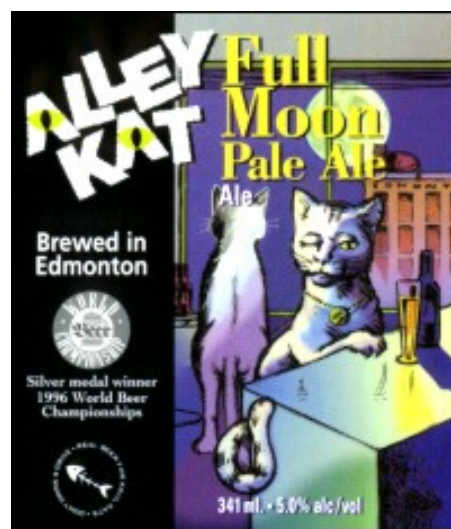

The tour will be given by Niel Herbst who is an owner and brewmeister at Alley Kat. You will be given an introduction to the brewing process and learn about the ingredients that go into the beer. Next, you will proceed through the plant where you will get to see the malt room, brew house, fermentation room, conditioning room and the packaging line. As part of the tour we will also have the opportunity to sample some of the beers.

IMPORTANT: Tour space is limited to 50 people. Registrations will be accepted on a first-come first-served basis. Please register early to ensure your spot. **The deadline for RSVPs is the end of the day, Wednesday February 02, 2005.**

And remember...

Member pricing is always extended to members of other technical societies such as ASM, AWS, CWA, NACE, CSME, ASME, etc.

WHERE TO GO!

Alley Kat Brewery
Brewery Location: 9929 60 Ave
Wednesday, February 09, 2005
Social 1/2 Hour: 5:30 – 6:00 pm
Dinner: 6:00—7:00 pm (Pizza)
Tour Start: 7:00 pm

COST: \$20 members
\$25 guests
\$10 student members
\$15 student guests

Member pricing is always extended to members of other technical societies such as ASM, AWS, CWA, NACE, CSME, ASME, etc.

5328 Calgary Trail South
Box 1333, Edmonton, AB T6H 4J8

Thank you for reading the *Northern Light*. If you are interested in presenting at an SME dinner, please contact Serge Lemay, slemay@streamflo.com. Kindly include the field you are working in and the subject you are interested in presenting to the chapter members and guests. Thank you.

Mark your calendar:

'05 **Capstone Honours** - Join us in April 2005 for a dinner-theatre style evening of delicious food and top design project presentations as students from their last year of mechanical engineering compete to represent the University of Alberta at a national competition. More details coming soon.

SME Seminar Series Materials Used in the Upstream Oil and Gas Industry

Presenter: **Dr. Bruce Craig**, MetCorr,
Houston, USA,
Feb 25, 2005 (Friday) at the University of Alberta

www.irisndt.com

Join us in March as our regularly scheduled SME Dinner Meeting will be a presentation by IRISNDT. Please see the March Northern Light Newsletter for details.

Welcome to the SME Technical Community Network

...Where Manufacturing People and Information Come Together

SME's new Technical Community Network offers a flexible framework for you to meet your information needs -- whether you are a manufacturing professional, a student, or an educator. The network consists of seven technical communities that represent the key areas within the manufacturing enterprise, and each includes a variety of specialized technical groups through which hundreds of members meet and collaborate regularly to advance both their individual knowledge and collective knowledge within key technology areas.

Technical Communities and Tech Groups

[Rapid Technologies & Additive Manufacturing Community](#)

Remember to keep SME information current

We do not wish any of our members or friends to miss a newsletter. Please make sure to inform the newsletter editor of any changes to your email or employment address.

If you have any newsworthy stories or information, we would be pleased to include it in our newsletter, subject to editorial approval.

If you know of anyone who would like to receive this newsletter, please forward his or her address to Doug Small at dougsmall@shaw.ca. The best part about it - it's FREE!!
