

Take your ideas from concept to reality.

RCTC CAD Technology

The RCTC CAD Technology program features hands-on experience integrating AutoCAD and Solidworks with rapid prototyping and post-processing technologies.

Whether you would like to earn a two year CAD degree or just want to improve your CAD skills we have great opportunities available for you. Learn more about us at:

<http://www.rctc.edu/program/cadtech>

Rochester Community and Technical College is where you can “Learn from the Best” and “Expect the Best”. Check us out! Visit our website for the latest updates at <http://www.rctc.edu/program/cadtech/> or better yet, e-mail us at pam.benson@roch.edu or greg.laughland@roch.edu for more information or to schedule a campus visit. You may also give Pam a call at 507-280-3137 or 1-800-247-1296 or Greg at 507-280-3172 or 1-800-247-1296 to leave a message.
