### **In Case You Missed It**

The Kleptz auto collection tour was a huge success. More than 45 SME, ASQ and ASM members were treated to a personalized tour by Frank Kleptz himself. The collection included more than 40 vintage automobiles along with hundreds of other interesting memorabilia including: motorcycles, old auto emblems, vintage machinery, bicycles and service station and auto manufacture literature. Mr. Kleptz added colorful commentary about his treasures (many of which are one of a kind) and participation in a number of antique car cross country road rallies (some of which, he won).
